

## Welcome to myBühler, the start of your digital customer experience.

### What is myBühler?

myBühler is our very own customer portal. In myBühler, you will find an overview of all your Bühler equipment, relevant documentation, our webshop for directly purchasing your needed spare & wear parts and an easy way to directly contact us for support! Available on your desktop and mobile devices, you can access myBühler anytime, anywhere, 24/7!

 <p>No costs</p>	 <p>Easy identification of your spare &amp; wear parts</p>	 <p>120+ countries worldwide</p>	 <p>8 languages supported</p>
---	---	---	--

### Quick and easy

Confidently search for and buy parts for your machines!

- Search for your parts directly in our shop.
- Search for parts via your installed Bühler machines.
- Bulk upload parts from an Excel list to place quick and easy big orders.
- Find-my-part service: upload a photo of your part and our AI software will instantly find your part!

### Reliable

- With a few clicks, you can easily schedule maintenance tasks and request Bühler field service!
- As an administrator, you can also organise and manage your plant online, including all your users.

### Convenient

- Tired of spending time searching for manuals or older orders? No problem! myBühler provides all information about your machines, quotations, orders, and documentation.
- Keep up to date on any news from our side, such as new solutions and changes!

“Great product that is geared towards speed. It made my job so much easier and faster.”

Andi Estermann, Head of Maintenance  
Amrein Futtermühle AG

“I love to work with myBühler because it is really easy. We have all the machines with all documents in there.”

Rolf Schaffner, Head of Maintenance  
Chocolat Frey
