Wheat milling for operators (level 1)

Duration	2 weeks / 1 week for German language
Language	Deutsch, English, español, français, italiano
Topics	Basic process knowledge, machine design, plant operation
Target group	1 st leg of milling technology
Requirements	Little to moderate working experience in a flour mill

[Register now](#)

Wheat milling for head millers (level 2)

Duration	2 weeks
Language	English, français, italiano, にほんご
Topics	Advanced process technology, advanced flowsheet technology
Target group	Shift millers, head millers, mill managers with several years of experience
Requirements	Good working experience, theoretical knowledge (level 1)

[Register now](#)

Wheat milling for plant managers (level 3)

Duration	1 week
Language	Deutsch, English, français
Topics	In-depth flowsheet discussions and analysis of milling systems, optimized break handling, ideal purifier settings, starch damage
Target group	Head millers, production managers, seasoned millers
Requirements	Solid theoretical milling knowledge required (level 1 + 2), several years of practical experience

[Register now](#)

3 Application courses²

Corn/maize processing	EN	05.02. – 09.02.2024
	ES	09.09. – 13.09.2024
Durum processing	DE	On request
	EN	25.11. – 29.11.2024
	FR	On request
	IT	On request
Grain processing for the ethanol industry	EN	On request
Oat processing	DE	On request
	EN	05.08. – 09.08.2024
		07.10. – 11.10.2024
	ES	08.04. – 12.04.2024

Corn/maize processing

- Duration** 1 week
- Language** English, español
- Topics** Machines and process application, degermination, flowsheets
- Target group** Shift millers, head millers, mill managers
- Requirements** Moderate working experience in a corn mill

[Register now](#)

Durum processing

- Duration** 1 week
- Language** Deutsch, English, français, italiano
- Topics** Process technology, flowsheet technology, practical exercises
- Target group** Shift millers, head millers, mill managers
- Requirements** Good working experience in a durum mill

[Register now](#)

Grain processing for the ethanol industry

Duration	1 week (on request)
Language	English
Topics	Ethanol machines knowledge and process technology
Target group	Operators, technologists, and maintenance personal
Requirements	Basic technical knowledge

[Register now](#)

Oat processing

Duration	1 week
Language	Deutsch, English, español
Topics	Machines and process application, dehulling, kilning etc. flowsheet technology
Target group	Shift millers, head millers, mill managers
Requirements	Moderate working experience in an oat mill

[Register now](#)

4 Maintenance/technology courses³

Advanced automation & digitalization	DE	On request
	EN	04.03. – 08.03.2024
		02.09. – 06.09.2024
Electrical maintenance	EN	17.06. – 21.06.2024
		18.11. – 22.11.2024
	ES	03.06. – 07.06.2024
Electrical maintenance for bagging plants	EN	On request
Industrial grain cleaning for mycotoxin management	EN	On request
Mechanical and electrical maintenance	DE	26.02. – 01.03.2024
	EN	16.09. – 20.09.2024
	ES	On request
	FR	19.02. – 23.02.2024
Mechanical maintenance	EN	10.06. – 14.06.2024
		11.11. – 15.11.2024
	IT	On request
Sortex in grain milling	DE	20.05. – 24.05.2024
	EN	19.08. – 23.08.2024

Advanced automation & digitalization

- Duration** 1 week
- Language** Deutsch, English
- Topics** Modern automation systems, PLC / PC systems, trouble shooting, maintenance, new digital solutions, Internet of Things, Industry 4.0
- Target group** Service engineers, electrical maintenance manager, head millers and production managers with close involvement in production, product optimization and quality management
- Requirements** Solid working experience in a flour mill, basic process knowledge, good electrical knowledge, PC/PLC basic knowledge

[Register now](#)

³ Course dates without guarantee. For changes or cancellations, please visit our website at buhlergroup.com/academy.

Electrical maintenance

Duration	1 week
Language	English, español
Topics	Electrical components, control units, calibration, fault finding
Target group	Electrical maintenance staff
Requirements	Electrical basic knowledge, technical skills

[Register now](#)

Electrical maintenance for bagging plants

Duration	1 week (on request)
Language	English
Topics	Components of a bagging system, electronic scale training etc.
Target group	Electrical maintenance staff
Requirements	Electrical basic knowledge, technical skills

[Register now](#)

Industrial grain cleaning for mycotoxin management

Duration	3 days
Language	English
Topics	Detection, analysis, and reduction of mycotoxins on industrial scale in the cereal industry – theory and practical approach
Target group	Production managers with close involvement in quality management, quality management personnel, laboratory personnel
Requirements	Solid working experience in the grain processing industry

[Register now](#)

Mechanical and electrical maintenance

Duration	1 week
Language	Deutsch, español, français
Topics	Basic mechanical and electrical maintenance organization, roll and bearings changes, electrical fault finding and general machine maintenance
Target group	Mechanical and electrical maintenance staff
Requirements	Basic mechanical and electrical knowledge and technical skills

[Register now](#)

Mechanical maintenance

- Duration** 1 week
- Language** Deutsch, English, español, italiano
- Topics** Maintenance organization, roll change, bearing change, general machine maintenance
- Target group** Mechanical maintenance staff
- Requirements** Basic mechanical knowledge, technical skills

[Register now](#)

Sortex in grain milling

- Duration** 1 week
- Language** Deutsch, English
- Topics** In-depth know-how of Sortex and its applications in grain milling
- Target group** Seasoned shift millers and head millers with close involvement in production, product optimization and quality management
- Requirements** Moderate to solid working experience in a flour mill

[Register now](#)

5 Additional courses⁴

Flour sales for experts	EN	On request
From wheat to bread	DE	On request
	EN	On request
Laboratory	EN	On request
Milling for executives	DE	08.07. – 12.07.2024
	EN	22.01. – 26.01.2024
		15.04. – 19.04.2024
		05.08. – 09.08.2024
		18.11. – 22.11.2024
	ES	13.05. – 17.05.2024
		04.11. – 08.11.2024
	FR	14.10. – 18.10.2024
Pulses processing	EN	04.11. – 08.11.2024

Flour sales for experts

- Duration** 1 week
- Language** English
- Topics** Milling process technology, flour, dough and bread analytics, bread making process, bread improvers
- Target group** Flour sales experts, production managers, mill owners
- Requirements** Moderate technological knowledge necessary

[Register now](#)

From wheat to bread

- Duration** 1 week
- Language** Deutsch, English
- Topics** Course with strong focus on practical work covering the whole chain from wheat intake to the finished baked goods
- Target group** Head millers, production managers, seasoned millers
- Requirements** Solid theoretical milling knowledge required (milling school, advanced milling courses), several years of practical experience

[Register now](#)

⁴ Course dates without guarantee. For changes or cancellations, please visit our website at buhlergroup.com/academy.

Laboratory

Duration	1 week (on request)
Language	English
Topics	Basic knowledge laboratory analysis and interpretation
Target group	Laboratory personnel
Requirements	Little to moderate laboratory knowledge necessary

[Register now](#)

Milling for executives

Duration	1 week
Language	Deutsch, English, español, français
Topics	Process technology, key performance indicators
Target group	Managers in leading positions, mill owners
Requirements	No technological knowledge necessary

[Register now](#)

Pulses processing

Duration	1 week
Language	English
Topics	Machines and process application, degermination, flowsheets, value adding processes
Target group	Head millers, mill managers and mill owner
Requirements	No requirements

⁷ Related to third parties market impacts the accommodation package costs could change.

General Terms and Conditions for training services on Bühler sites

1. General

These General Terms and Conditions (hereinafter “GTC”) are applicable for all contracts concluded with Bühler AG (hereinafter “Bühler”) for customer-specific training services as well as contracts concluded by way of our online portal at www.buhlergroup.com (hereinafter “Online Portal”) for standard training services which are provided by Bühler on Bühler sites, provided that no different agreement has been made in the individual contract in writing. Changes and / or amendments to these GTC are only accepted if agreed between the parties in writing.

2. Conclusion of contract in case of customer-specific training services

In case of customer-specific training services the customer requests a quote of Bühler by telephone or by e-mail. The contract between Bühler and the customer comes into effect with the signature of the respective training contract by Bühler and the customer.

3. Conclusion of contract in case of standard training services

The binding registration of a customer is made electronically through the Online Portal by submitting the filled-in registration form for the respective participant. The contract between Bühler and the customer for standard training services comes into effect with the confirmation of registration by Bühler, which is sent to the e-mail address provided by the customer.

4. Postponing / cancellations / adjustments of training services

- a) In case of an insufficient number of participants, Bühler explicitly reserves the right to cancel or postpone planned trainings until 4 weeks before the scheduled start of the training. In case of a cancellation by Bühler, paid training fees will be fully refunded. No other compensations are provided by Bühler. Cancellations and postponements of the trainings do not entitle the customer to claim any damages from Bühler.
- b) Brochures, catalogues as well as documentations from Bühler concerning the training services are non-binding. Bühler explicitly reserves the right to make minor adjustments concerning the schedule and the localities as well as to replace the training leader or speaker in case of sickness or other non-availability.

5. Training material

Bühler reserves all rights in any provided training material and documentation. Such material is provided to participants on a nonexclusive right to use that material only for the purpose of the respective paid training. Any other use, the making of unauthorized copies and / or the distribution to third parties is strictly prohibited without the prior written consent by Bühler.

6. Costs and fees

Prices for the participation in trainings (hereinafter „Training Fee“) are understood net without any deductions and for each training participant. The applicable statutory value added tax (VAT) is not included in the Training Fee and is indicated separately on the invoice. The costs for accommodation (1 night before the start of the training and 1 night per full training day), of breakfast, of surrendered training material and of possible transport between the hotel and training site are included in the Training Fees. Training participants shall be accommodated in a three-star hotel according to local conditions, unless otherwise agreed upon in the individual contract. The costs of travel shall be borne by the customer in any case. All other costs, such as costs for an extension of the stay after completion of the training, meals and drinks outside of trainings as well as any telephone charges are to be borne by the customer respectively the participant.

7. Payment terms

- a) The Training Fee is due and payable without deduction immediately after receipt of the invoice.
- b) If a training registration is cancelled by the customer, Bühler will charge the following fees:
 - Cancellation 22 or more calendar days before the start of the training: no cancellation fee
 - Cancellation within 21 to 11 calendar days before the start of the training: cancellation fee of 10% of the entire Training Fee
 - Cancellation within 10 to 3 calendar days before the start of the training: cancellation fee of 50% of the entire Training Fee
 - Cancellation 2 or less calendar days before the start of the training: cancellation fee of 100% of the entire Training Fee.

Any cancellation must be received by Bühler in writing at the latest on the indicated day.

- c) The customer is entitled to designate a substitute participant, if he informs Bühler about it in writing prior to the start of the training.

8. Place of performance

Place of performance for all contractual obligations are the Bühler sites indicated in the training documents, unless otherwise agreed in the individual contract. For reasons of health protection, training participants are obliged to strictly follow the instructions of the training leader and of Bühler on training premises at any time. Equipment, machinery, and rooms on the training premises shall only be used and operated within the context of the training and in presence of the training leader.

9. Visas / permits

It is the sole responsibility of the customer to obtain all necessary permits and visas in time. He must take into account that trainings may (according to the respective training outline) take place in different countries. All costs resulting from a delay caused by obtaining the permits and visas not in time, are to be borne by the customer.

10. Insurances

It is within the responsibility of the customer to conclude insurance policies to cover for example possible illness, accidents, or medical treatment of the training participants. Bühler will not conclude any insurance coverage for training participants.

11. Travel Information

Information regarding accommodation and travel will be provided to the customer in due course. Any special requirements in relation to the accommodation or meals must be communicated to Bühler in writing at an early stage. Otherwise Bühler will offer European meals and drinks.

12. Force Majeure

- a) Bühler shall be entitled to suspend or cause the suspension of the training in case that events beyond the control of Bühler, which were unforeseeable at the time of conclusion of the individual contract, such as e.g. fire, explosions, natural disaster (e.g. earthquake, flood), epidemics, mobilization, confiscation, war, acts of piracy, riots, embargos, boycotts, lack of means of transport etc. render the performance of the training impossible or unreasonably difficult; the same principles apply if subcontractors of Bühler are affected by such events.
- b) Bühler shall notify the customer in writing within due time on the occurrence and end of such events of Force Majeure.
- c) The term for fulfilment of the contractual obligations shall be extended for the duration of the Force Majeure events and their effects.

d) Bühler shall be entitled to terminate an individual contract in writing, should an event of Force Majeure last continuously for more than six weeks. In such a case the customer shall indemnify Bühler for the works and services performed as well as for the costs accrued prior to the occurrence of the event of Force Majeure.

13. Liability

- a) Subject to provisions to the contrary in these GTC or to mandatory provisions of the applicable law, neither party shall be liable towards the other for any indirect or consequential damages, such as, but not limited to, loss of contracts, loss of use, loss of profit and any other indirect or consequential damages.
- b) Subject to the mandatory provisions of the applicable law Bühler's overall liability shall be limited to the amount of the Training Fee.

14. Termination of an individual contract

- a) Bühler is entitled to terminate an individual contract with immediate effect if aa) the customer has not paid the Training Fee according to clause 7 a); or bb) the customer has violated a provision of these GTC, and such breach has not been cured within 5 (five) days after Bühler has notified the customer of such breach. In such a case Bühler is entitled to entirely retain the Training Fee.
- b) In the event of cancellation of the registration by the customer a reimbursement is made according to clause 7 b) where applicable.

15. Place of jurisdiction / applicable law

The place of jurisdiction for all disputes arising out of or in connection with these GTC and the individual contract shall be exclusively CH-9240 Uzwil. These GTC and the individual contract shall be governed by the Swiss substantive law.

Bühler AG, CH - 9240 Uzwil
